

The insurance we supply only provides cover for domestic residential dwellings and does not include cover for commercial property installations. All listed insurance premiums are for either retrofit installations or installations carried out on new build properties. These are just some of the insurance policy cover limits and features that we can arrange. We are not the insurer, we are an insurance broker and cover is subject to the insurance underwriters full policy terms and conditions. All listed insurance premiums are inclusive of Insurance Premium Tax (IPT) charged at the rate of 12%.

Each registration made with Qualitymark Protection is subject to the listed Insurance Premium and a £1.95 +VAT Registration Fee.

		Period of Cover	Insurance Premium
